Expert-built Regulatory Research Delivered Daily

Keep up to date with the privacy landscape

TrustArc’s Nymity Research & Alerts provides structured and contextualized privacy knowledge, built by impartial privacy experts and backed by an extensive global research database.

Nymity Research & Alerts delivers analysis of legal and regulatory updates from around the world, creating detailed summaries that are easy to quickly digest and action.

Key Benefits

- **Stay informed**
  With the most content-rich privacy database covering all global regions.

- **Contextualized guidance**
  Not all developments are critical – know what is most important based on parameters such as risk score or authority.

- **Daily delivery**
  Compliance Alerts deliver new content daily to your inbox, saving time and effort on searches.

- **Expert analysis**
  Leverage the privacy and legal knowledge of our team of experts that continuously analyze regulatory developments.

- **Personalized maps & charts**
  Regulatory information in the form of maps, charts, tables and infographics.

---

Leverage 10,000s of regulatory references

Structured compliance references make it easy to search the database against criteria such as country, business activity, source or privacy principle.

Customization based on your important countries

Identifying ‘My Countries’ delivers the most recent and important research for your business.

Monitor critical developments

Monitor developments based on privacy areas such as GDPR, CCPA, cybersecurity, and NIST, in a customizable dashboard.

Contextualized Guidance & Analysis in English

Receive contextualized up-to-date regulatory guidance to ensure workflows are always aligned with the latest privacy regulations.
The Definitive Source for Privacy Research

Nymity Research & Alerts is part of our Regulatory Research suite of products that are designed for organizations needing to understand and operationalize ongoing privacy, security, and compliance developments such as enacted laws, court decisions, and news stories.

With over a decade of deep privacy analysis created, our industry-leading global research eliminates the need for time consuming internet searches about regulatory developments.

Leverage the privacy and legal knowledge of our team of experts that continuously analyze regulatory developments.

Easily export personalized legal maps and charts built on applicable countries, requirements and obligations.

Search and filter research based on:
- What’s Trending
- Relevance
- Country
- Business Activity
- Laws
- Reference Type
- Source

About TrustArc
TrustArc automates the creation of end-to-end privacy management programs for global organizations. As the leader in privacy compliance and data protection, TrustArc is the only company to deliver the depth of privacy intelligence that’s essential for the growing number of privacy regulations in an ever-changing digital world. Headquartered in San Francisco, and backed by a global team across the Americas, Europe, and Asia, TrustArc helps customers worldwide demonstrate compliance, minimize risk and build trust. In 2019, TrustArc acquired Nymity to accelerate the development of its next-generation technology-driven privacy platform. For additional information visit www.trustarc.com.
